

I'm going the Nelson-Atkins with my family!

We are going to The Nelson-Atkins Museum of Art. Inside the museum, there is art from all over the world. Some of the art is over five thousand years old, and some was made just last year.

Visiting the museum is really fun because I can see a lot of great paintings and sculptures.

I will stay with my family and friends, and use Whole Body Listening while I'm in the museum.

Whole Body Listening is when I . . .

Look with my eyes

Listen with my ears

Think with my brain about the art

Speak quietly with my mouth

Keep my hands to myself and I won't touch the art

Walk slowly with my feet

If I get lost, I can always ask a visitor services officer to help me find my family and friends.

Some areas of the museum are loud and some are quiet; some are crowded and some have fewer people. If I need to go somewhere quiet, I will tell my teacher.

The museum is free, so I hope I will come back with my family and friends!
