Library Guide
Bloch Galleries: 19th-Century and 20th-Century European Painting

Resource List | March 2017

The art of the nineteenth century includes the first major movements and styles of modern art. Spanning many different styles from Neoclassicism and Romanticism through the early 20th century, including Expressionism, Dada and Surrealism, this bibliography presents a survey of resources on European painting of the nineteenth century. We have included titles on the different art movements of the period, and works about individual artists featured in the Bloch Galleries. A selection of general resources concludes the listing.
