Library Guide
Access + Ability

Resource List | 2019

Access+Ability features more than 70 designs with, by and for people with physical, cognitive and sensory disabilities. The exhibition explores life-enhancing innovations developed in the last decade that increase access and connectivity. In this bibliography, we feature books about accessibility in museums, and resources about accessible design and the designers featured in the exhibition.

If you have questions, please contact the reference staff at the Spencer Art Reference Library (telephone: 816.751.1216). Library hours and services are listed on the Museum’s website at www.nelson-atkins.org
