Make a **Lion Dance Puppet** by creating your own design or print our template. We used red paper, but let your imagination soar!

1. Decorate. Try experimenting with crayons, colored pencils, markers, paint, or collage!

2. Cut out the elements.

3. Make a paper chain with the strips.

4. Fold along dotted lines on the legs and tail.

5. Tape or glue on the legs, tail, and head.

6. Attach chopsticks, straws, or twigs to the paper chain to make your articulated Lion move.

7. Dance along with your Lunar New Year Lion and celebrate!
